

COOKIE POLICY

Effective Date: June 15, 2026

This Cookie Policy explains how NewsIQ ("NewsIQ", "we", "us", and "our") uses cookies and similar technologies when you access or use the NewsIQ platform, website, applications, and related services.

By using the Services, you acknowledge the use of cookies and similar technologies as described in this Cookie Policy.

1. What Are Cookies?

Cookies are small text files placed on your device by websites and applications.

Cookies help websites:

- Remember user preferences;
- Maintain login sessions;
- Improve performance;
- Provide security;
- Analyze usage patterns.

Cookies may be temporary ("session cookies") or persistent ("persistent cookies").

2. Technologies We Use

NewsIQ may use:

- Browser cookies;
 - Session tokens;
 - Local storage;
 - Device identifiers;
 - Similar technologies used for authentication and analytics.
-

3. Categories of Cookies

3.1 Essential Cookies

Essential cookies are necessary for the operation of the Services.

Examples include:

- Authentication cookies;
- Session cookies;
- Security cookies;
- Account login cookies;
- Load balancing cookies.

Without these cookies, certain Services may not function properly.

3.2 Functional Cookies

Functional cookies help personalize user experiences.

Examples include:

- Theme preferences;
 - Language settings;
 - Region preferences;
 - User interface preferences.
-

3.3 Analytics Cookies

Analytics technologies help NewsIQ understand:

- Feature usage;
- User engagement;
- Performance metrics;
- Platform improvements.

Analytics information may be aggregated and anonymized whenever possible.

3.4 Security Cookies

Security technologies help:

- Detect abuse;
 - Prevent fraud;
 - Identify suspicious activity;
 - Protect accounts.
-

3.5 Third-Party Cookies

Third parties may place cookies through their services.

Examples may include:

- Authentication providers;
- Analytics providers;
- Payment processors;
- Infrastructure services.

These providers maintain their own privacy practices.

4. Redis Sessions

NewsIQ uses Redis-based session technologies to:

- Authenticate users;
- Maintain active sessions;
- Improve performance;
- Enhance security.

Session identifiers are generally temporary and expire after inactivity.

5. Managing Cookies

Users may manage cookies through browser settings.

Users can:

- Delete cookies;
- Restrict cookies;
- Block cookies;
- Configure cookie preferences.

Disabling certain cookies may affect functionality and user experience.

6. Changes to This Cookie Policy

NewsIQ may update this Cookie Policy periodically.

Changes may be communicated through:

- Website notices;
 - Email notifications;
 - In-product announcements.
-
