

DISCLAIMER POLICY

Effective Date: June 15, 2026

1. Informational Purposes Only

NewsIQ is designed to provide understanding and context regarding news events.

The Services are provided for informational purposes only.

NewsIQ is not:

- A newsroom;
 - A publisher of original reporting;
 - A source of professional advice.
-

2. AI-Generated Content Disclaimer

NewsIQ uses artificial intelligence technologies to generate:

- Headlines;
- Summaries;
- Timelines;
- Fact extraction;
- Source comparisons;
- Difference analysis.

AI systems are probabilistic and may:

- Hallucinate;
- Omit facts;
- Produce inaccurate information;
- Present incomplete context.

NewsIQ does not guarantee that AI-generated outputs are:

- Accurate;
- Complete;
- Current;
- Reliable.

Users should independently verify important information.

3. Financial and Investment Disclaimer

Nothing provided by NewsIQ constitutes:

- Investment advice;
- Trading advice;
- Financial recommendations.

Users should consult qualified professionals before making investment or financial decisions.

4. Medical Disclaimer

NewsIQ does not provide medical advice.

Users should consult licensed healthcare professionals regarding medical matters.

5. Legal Disclaimer

NewsIQ does not provide legal advice.

Nothing on the platform creates an attorney-client relationship.

6. External Links Disclaimer

NewsIQ may provide links to third-party publishers and websites.

NewsIQ does not control those websites and is not responsible for:

- Availability;
 - Accuracy;
 - Security;
 - Content.
-

7. Third-Party Publisher Disclaimer

NewsIQ aggregates and analyzes content from third-party publishers.

Ownership and copyright of original articles remain with their respective publishers.

NewsIQ does not claim ownership over publisher content.

8. Availability Disclaimer

Services are provided on an "as available" basis.

NewsIQ does not guarantee:

- Continuous availability;
 - Error-free operation;
 - Uninterrupted access.
-

9. Professional Advice Disclaimer

AI-generated outputs should not be relied upon as:

- Legal advice;
- Financial advice;
- Investment advice;
- Tax advice;
- Medical advice;
- Professional consulting advice.

Users remain responsible for independent verification and decision-making.
